

Genexxt Advisory

Global Technology & Financial Consulting & Advisory Group — headquartered at GIFT City
IFSC, Gandhinagar, Gujarat, India.

Who We Are

Genexxt Advisory carries 42 years of Genexxt Group's project, marketing, management and funding consultancy heritage into a dedicated global platform for GIFT IFSC structuring and green technology finance. We were a pioneer in GIFT City IFSC structuring and strategy from the very inception of India's International Financial Services Centre, and today operate an active GIFT SEZ entity, PrimusNet IFSC Supply Chain Finance Holdings Pvt. Ltd.

What We Do

ADVISORY

GIFT IFSC ® Global Financial Centre Structuring

Entity selection, IFSCA licensing, FME & AIF fund structuring, tax/FEMA planning and banking introductions.

FUNDING

Green ® Innovative Funding

Green Bonds, ESG-linked finance, carbon-credit monetisation, blended finance, tokenized/FinTech-enabled capital structures.

TECHNOLOGY

Nano + Energy + Green Technology

Patented Hybrid Power & Green Hydrogen, a 44-product Nano & Quantum Nano materials platform, Stone Paper, Waste-to-Wealth and Air-to-Water.

IP

IP Monetization, Valuation ® Licensing

Structuring, valuing and licensing patents and green-tech IP through GIFT IFSC.

Why Genexxt Advisory

- GIFT City IFSC pioneer — structuring and strategy since inception, not a recent entrant.
- Rare integrated platform: Fund Structuring + Finance + IP + Carbon + Supply Chain Finance under one IFSC roof.
- Strategic association with Moore Global — a Top-10 worldwide accounting & advisory network across 110+ countries.
- Global associate network across India, UAE, Singapore, USA, UK, Canada, Germany, Netherlands and South Africa.

Genexxt Advisory is a Genexxt Group company. This document is a summary capability statement; figures are drawn from Genexxt Group's internal project records as of 2026.

Technology @ Green Portfolio Snapshot

TECHNOLOGY	STATUS	HIGHLIGHT
Hybrid Power Generator + Green Hydrogen	Patented (Jan 2026, valid to 2041)	24x7 fuel-free baseload power, zero emissions
Nano + Quantum Nano Materials	R&D → Pilot → Scale-up	44 products across 8 verticals, validated with MNIT Jaipur & IIT Gandhinagar
Green Stone Paper Manufacturing	Project development (2 plants)	Tree-free paper, ~80% calcium carbonate
Waste-to-Wealth	Technology partnership (NOVE Energy, Canada)	MSW to Bio-CNG, green methanol, SAF, hydrogen
Air-to-Water (AWG) + Carbon Capture	Pilot → Commercial	Potable water from air, structural PM/NOx/SOx capture
